CEO Richard Williams is due in the UK soon for meetings in regards to dual listing Strongbow on the London AIM market.

CEO Richard Williams is due in the UK soon for meetings in regard to listing Strongbow on the London AIM market.

London is a main source for mining finance, and with Strongbow having a UK based tin resource at South Crofty, near Truro in Cornwall, a London listing looks prudent, and overdue.

Williams recently secured a US$3 million deal with Orion Mine Finance, as part of the AIM listing process, which is expected to be complete before the end of 2018. Having a listing in Canada will allow an easy listing process.
