Tinka Resources PEA – An independent analysis

Tinka Resources {TSX.V: TK}

Independent research analyst Peter Arendas has published a report on the recent Tinka Resources PEA, which has been received negatively by the market.

Tinka has fallen around 25% in value since their recent announcement. One view is they used too high zinc and silver prices as their “base case”, a comment I agree with.

Tinka Resources {TSX.V: TK}

Independent research analyst Peter Arendas has published a report on the recently announced Tinka Resources PEA, which has been received negatively by the market.

Tinka has fallen around 25% in value since their recent announcement. One view is they used too high zinc and silver prices as their “base case”, a comment I personally agree with.
