American Creek (TSX.V: AMK) JV partner Tudor Gold's CEO Ken Konkin is interviewed about the forthcoming drill campaign for the Treaty Creek area, where American Creek is a 20% JV

partner free carried until a production notice is given.

They are hunting for elephants in elephant country, with the KSM deposit and the Brucejack mine for very close neighbours.

This is an excellent interview with an industry veteran with massive experience in the adjoining proven deposits at Brucejack and KSM.

The amount of drilling being proposed in 2022 is significant.

American Creek Resources are in the unique position of having all the drilling done for them for nothing, so no exploration cashburn nor share dilution, and a massive discovery is being unearthed, with hopefully more to come in the very near future.
