

American Creek's JV Partner Files Updated MRE

American Creek Resources (TSX.V: AMK)

Announced that project operator and JV partner Tudor Gold has filed the technical report for the updated Mineral Resource Estimate on the Goldstorm Deposit at the flagship Treaty Creek Project located in the Golden Triangle region of British Columbia.

Comment

I missed this announcement at the time, so posting now so we can keep up to date with American Creek's news, at this very significant gold project.

I do wonder how much more gold they need to define before they look to either move towards production or sell on to a miner large enough to develop the project?

I would think their next door neighbour at Brucejack might be interested.

**AMERICAN CREEK'S JV PARTNER
TUDOR ANNOUNCES FILING OF NI
43-101 TECHNICAL REPORT ON
THE UPDATED MINERAL RESOURCE
ESTIMATE FOR THE GOLDSTORM
DEPOSIT AT THE TREATY CREEK**

PROJECT, BRITISH COLUMBIA

American Creek Resources Ltd. (TSXV: AMK) (OTCQB: ACKRF) (“the Corporation” or “American Creek”) is pleased to announce that project operator and JV partner Tudor Gold (“Tudor”) has filed the technical report (the “Report”) for the updated Mineral Resource Estimate on the Goldstorm Deposit (the “MRE” or “2024 Treaty Creek MRE”) at the flagship Treaty Creek Project (the “Project”) located in the Golden Triangle region of British Columbia.

The Report is entitled “NI 43-101 Technical Report, Treaty Creek Project, British Columbia”, with an effective date of April 5, 2024 and was prepared for Tudor Gold by Garth Kirkham Geosystems and JDS Energy & Mining Inc. (“JDS”).

The Report is available under the Tudor’s profile on SEDAR at www.sedar.com or from the Tudor’s website at www.tudor-gold.com

Highlights of the 2024 Updated Mineral Resource Estimate for the Goldstorm Deposit:

- Increased the Indicated Mineral Resource by 19% in gold equivalent ounces (AuEQ), consisting of a 16% increase in gold (Au), 14% increase in silver (Ag) and 32% increase in copper (Cu).
- Indicated Mineral Resource of 27.87 million ounces (Moz) of AuEQ within 730.20 million tonnes (Mt) at a grade of 1.19 g/t AuEQ; comprised of:

- **21.66 Moz of Au at 0.92 g/t, 128.73 Moz of Ag at 5.48 g/t, and 2.87 billion pounds (Blbs) of Cu at 0.18%.**
- Inferred Mineral Resource of **6.03 Moz of AuEQ** within **149.61 Mt** at a **grade of 1.25 g/t AuEQ**; comprised of:
 - 4.88 Moz of Au at 1.01 g/t, 28.97 Moz of Ag at 6.02 g/t, and 503.23 million pounds (Mlbs) of Cu at 0.15%.
- The CS-600 domain, comprised of a monzodiorite intrusive stock and associated gold-copper porphyry system, constitutes a large part of the deposit with an Indicated Mineral Resource of **15.65 Moz of AuEQ within 400.29 Mt at a grade of 1.22 g/t AuEQ**; consisting of:
 - **9.99 Moz of Au at 0.78 g/t; and 2.73 Blbs of Cu at 0.31%.**
 - An 58% increase in the AuEQ ounces within the CS-600 domain.
- The 2023 drilling improved our geologic understanding of the mineralization in the northern portion of the deposit. The NS-STK Domain was reinterpreted to be a NE-SW trending stockwork and is associated with the 300H Domain mineralization. This system has now been separated into its own mineral domain, named 300N.
- Advanced metallurgical studies and refined the pit constrained and underground cutoff grades, increasing the pit constrained cutoff from 0.5 to 0.7 g/t AuEQ and the underground cutoff from 0.7 to 0.75 g/t AuEQ.
- Substantially reduced the pit size which eliminated the necessity to remove the glacier and reduced the strip ratio.
- The Goldstorm Deposit remains open to the south, north, northeast and at depth.

City Investors Circle is based in the financial district in the City of London

We present interesting and exciting junior mining companies listed on the ASX and TSX stock exchanges to a group of city professionals, and private investors, all of whom are active investors with a mandate to invest in junior mining companies.

Our audience is selected and invited individually to ensure interest and relevance for the presenting company.

Meetings are non deal, small group, highly focused and engaged, with a lively Q and A to follow the main presentation.

We create awareness, and maintain interest in presenting companies by disseminating their future news to our entire investor group via email, social media, and our Monthly Review newsletter.

If you wish to present to our select group of active mining investors, please email andrew@city-investors-circle.com
