City Investors Circle has initiated coverage of [Apollo Consolidated](#), an ASX listed, Western Australian based gold exploration company holding a portfolio of exciting tenements in East Kalgoorlie and the Kimberley.

Apollo hold a 1.2% NSR royalty over the [Roxgold \(TSX: R0XG\)](#) Seguela Gold Project located in the Ivory Coast. Currently there is an Inferred and indicated 1 million ounces of gold, with further exploration potential.

Apollo has an experienced board and management, and is positioning itself as one of the new wave of Australian explorers.

The main project is Rebecca Gold Project (100%)

The Rebecca Project comprises ~160km² of tenure located approximately 145 km east of Kalgoorlie, covering a greenstone belt on the eastern margin of the Norseman-Wiluna Greenstone

Belt. The belt lies at the southern end of the Laverton Tectonic Zone, a regionally important structural corridor that hosts multiple gold camps.

The project contains three advanced and growing gold discoveries – **Rebecca** (previously named **Bombora**), **Duke**, and **Duchess** (previously named **Redskin**), in which gold mineralisation is hosted by broad zones of disseminated sulphides in gneiss. The boundaries of each system are only partially defined and offer potential for high-grade plunging positions internal to the zones.

On 10th February 2020, the Company announced a maiden resource estimate of 1.035m oz au.
