Argosy Resources Issue project Update

Argosy Minerals Limited (ASX: AGY) (“Argosy” or “Company”) is pleased to advise further progress at the Rincon Lithium Project, located in Salta Province, Argentina, with 98% of the total works completed for the development of the 2,000 tpa

lithium carbonate production operation, including current commissioning works at 91% completion, during which the Company has produced battery quality 99.76% lithium carbonate product (during single-run process works), as it moves towards commencing lithium carbonate production operations.

The Company has continued its commissioning works, which are now in the final stages, and conducted production test-works via batch processing. In addition, preliminary ramp-up phase works have commenced and are progressing toward the integrated continuous production ramp-up phase, which is scheduled for later this quarter.

The Company is targeting to complete the full systems ramp-up phase works and achieve steady-state continuous production operations by end of Q2-CY2023.
