Comment

This looks interesting.

The obvious reason for the halt would be they are about to announce the spinout of Pirra Lithium, as previously announced by the company.

Given the poor execution so far, although improving, it could possibly be a deal where Calidus exchange their ownership of the Pirra Lithium project for other gold tenements that could become satellite projects for their Warrawoona Gold Mine.

I am favouring the latter option personally, although they could totally surprise us with a different announcement of course.

Looking forward to next week, this looks way too cheap for a producing gold mine at current gold prices, but they need a catalyst to arrest the slide and turn it around.
