Cape Town 2023 – Conferences Are Busy

Cape Town 2023

The first major mining conferences of 2023, Indaba and 121 Mining Forums, both had busy first days in sunny Cape Town.

These conferences are very popular with fund managers and investors from London taking the opportunity to spend a few days away from the cold and rain in the UK, and this year is no exception.

Cape Town 2023 – 121 and Indaba are both busy on the first day

The first major mining conferences of 2023, Indaba and 121 Mining Forums, both had busy first days in sunny Cape Town.

These conferences are very popular with fund managers and investors from London taking the opportunity to spend a few days away from the cold and rain in the UK, and this year is no exception.

I started at 121, a quick walk from my hotel, and was releived to see cold drinks and ice cream available early in the morning.

After a couple of meetings I used the minibus shuttle to go do Indaba for the first time. As expected it's a trade show and there were few company booths there, so I soon headed back to 121 for an afternoon of meetings, and I'm now studying the companies more closely.

I found a couple I liked, and I have a few more to meet tomorrow, so I feel I will make some investments as a result of the show.
