# City Investors Circle Annual Review 2021 published

The Review covers the best performing stocks that have presented to us in London, the biggest risers from the watchlist during 2021, as well as the commodities that rose the most over the last year.

The Review looks at the performance of a large group of companies that have presented live to us in London since 2014, and the results vindicate the value of attending company presentations.

We then cover the best performing companies on the watchlist in 2021, where there have been some significant gains, and few losses, despite a poor market.

Four of the companies on the watchlist were bought out in 2021, two of the deals we liked as they look to make sense, the other two, and in particular Roxgold's sale to Fortuna Silver look like a poor deal in my opinion.

Finally we look at the commodities' performance over the last year, where most gained and very few went down.

## City Investors Circle is based in the financial district in the City of London

We present interesting and exciting junior mining companies listed on the ASX and TSX stock exchanges to a group of city professionals, and private investors, all of whom are active investors with a mandate to invest in junior mining companies.

Our audience is selected and invited individually to ensure interest and relevance for the presenting company.

Meetings are non deal, small group, highly focused and engaged, with a lively Q and A to follow the main presentation.

We create awareness, and maintain interest in presenting companies by disseminating their future news to our entire investor group via email, social media, and our Monthly Review newsletter.

If you wish to present to our select group of active mining investors, please email [andrew@city-investors-circle.com](mailto:andrew@city-investors-circle.com)
