City Investors Circle is based in the financial district in the City of London.

We present interesting and exciting junior mining companies listed on the ASX and TSX stock exchanges to a group of .city professionals, brokers, HNWI's, and private investors, all of whom are active investors with a mandate to invest in junior mining companies.

Our audience is selected and invited individually to ensure interest and relevance for the presenting company.

Meetings are small group, highly focused and engaged, with a lively Q and A to follow the main presentation.

We create awareness, and maintain interest in presenting companies by disseminating their future news to our entire

investor group via email, social media, and our monthly newsletter.

If you wish to present to our select group of active mining investors, please email: **andrew@city-investors-circle.com** for information.

This website is not sponsored.

We are truly independent, and will always remain so.

Companies featured here have either presented to the Circle in London, or have been selected because they are considered to have interesting projects, in good jurisdictions, run by an experienced management team.

These are not recommendations in any form.

Always consult an investment professional.
