

Colonial Coal one of the TSX Venture Exchange top 50 performers in 2018

Colonial Coal {TSX.V: CAD}

Has been included in the TSX Venture Exchange Top 50 performers in 2018.

CAD rose from around 13 cents to 50 cents at one point so inclusion in this prestigious award was not a surprise, and highlights the previous undervaluation attributed by the market to the company notwithstanding the sizeable assets in the ground.
