Hallgarten & Company of New York have published a detailed research note on **Colonial Coal**, with a target price of CAD \$1.10, a 197% rise from the current market price.

This is based on the intrinsic value of the coal resources, which are undervalued by any valuation metric.

Colonial Coal has survived a chronic downturn for coal miners, and is one of the very few to survive, and is now well positioned to add to their resources and become a target for a larger player looking to acquire guaranteed future supply.
