Condor Gold Files Final Prospectus and Becomes Reporting Issuer in Ontario

Mr. Mark Child reports:

LONDON / December 27, 2017 **Condor Gold (AIM: CNR; OTCQX: CNFGF)** is pleased to announce that it has received a receipt from the Ontario Securities Commission for its final non-offering prospectus (the "Prospectus") and has, accordingly, become a reporting issuer in the Province of Ontario.

As previously announced, Condor has received the conditional approval for the listing of its ordinary shares (the "Ordinary Shares") on the Toronto Stock Exchange ("TSX"). The Company expects that its Ordinary Shares will begin trading on the TSX in January 2018 under the symbol "**COG**".

A copy of the Prospectus is available under Condor's profile on SEDAR at www.sedar.com and on the Company's website at www.condorgold.com

The Company will remain listed on the AIM market of the London Stock Exchange and its shares trade on the OTCQX. Shareholders/Investors who wish to buy additional shares or sell existing holdings acquired through AIM can continue to do so in the normal manner. Once the Ordinary Shares begin trading on the TSX, shareholders who wish to trade on the TSX must have a Canadian broker. Shareholders who wish to sell

existing shareholdings on the TSX must first transfer their holdings from Computershare’s UK Share Register to Computershare’s Canadian Share Register.

Further information on this process will be provided on Condor’s website.
