### **Comment**

*This was a total surprise to me, I don't think the market anticipated this coming.*

*It seems a strange time to do this, Richard was on the stand at PDAC recently and looked in high spirits.*

*I wonder what the reason is as none is stated in the News Release, and this announcement dorve the stock down a little further.*

*The share price has fallen recently, but it lookes overvalued to me given we're still at an early stage, and I think the £50 million market cap looks fully valued personally.*
