

# Crypto Exit Scams, what are they and how to avoid them?

## Crypto Currencies

The number of exit scams involving crypto currency is increasing, and some investors are asking exactly what is an exit scam?

An exit scam is a fraudulent practice by unethical cryptocurrency promoters who vanish with investors' money during or after an ICO.

## Crypto Currencies

The number of exit scams involving crypto currency is increasing, and some investors are asking exactly what is an exit scam?

An exit scam is a fraudulent practice by unethical cryptocurrency promoters who vanish with investors' money during or after an ICO.

Respected crypto journal Investopedia has published an article on how crypto scams work and how to avoid being a victim.
