Managing Director Barry Cahill commented:

"Cyprrium continues to work through the back log of information on its development projects while it focusses on the finance process for the restart of the Nifty Copper

Project.

“The Cue results are another part of building the business that we have.

“Our ambition to be a mid-sized copper producer depends on identifying and developing projects for Cyprium’s future production projects and these results clearly indicate the potential of Cue to meet our development criteria.

“Cyprium’s portfolio is once again demonstrating its quality. Nifty in finance, approved ready to go, Murchison’s and Maroochydore’s potential both growing steadily in a bullish copper environment.”
