G Mining Ventures Extends High-Grade Mineralization at Gurupi

G Mining Ventures (TSX: GMIN)

Updated on its exploration drilling activities completed at its wholly owned Gurupi Project in Maranhão state, Brazil and Tocantinzinho mine in Pará State, Brazil.

At Gurupi, drilling continues to demonstrate extensions to known mineralization at the Blanketand Mandiocal deposits . At TZ, drilling below the current pit design confirms the continuity of mineralization at depth.

G Mining Ventures Extends High-Grade Mineralization at Gurupi and Confirms Continuity at Depth at TZ

BROSSARD, Quebec, Sept. 16, 2026 (GLOBE NEWSWIRE) — **G Mining Ventures Corp**. (“**GMIN**” or the “**Corporation**”) (**TSX: GMIN** | OTCQX:GMINF) today provides an update on its exploration drilling activities completed at its wholly owned Gurupi Project (“**Gurupi**” or the “**Project**”) in Maranhão state, Brazil and Tocantinzinho mine (“**TZ**”) in Pará State, Brazil.

At **Gurupi**, drilling continues to demonstrate extensions to known mineralization at the Blanket (“**Blanket**”) and Mandiocal (“**Mandiocal**”) deposits and while maiden drilling at the Grodiocal target (“**Grodiocal**”) has confirmed a new near-surface gold discovery.

At **TZ**, drilling below the current pit design confirms the continuity of mineralization at depth, while regional exploration is identifying additional opportunities across a broader mineralized corridor.

*Intercepts are indicated in metres (“**m**”) and grade in grams per tonne of gold (“**g/t Au**”).*

New highlights include:

Gurupi

- **Blanket:** Broad intercepts extend mineralization approximately 250 metres beyond the 2025 Mineral Resource Estimate (“**MRE**”), with results including **79.6 m at 1.78 g/t Au and 63.5 m at 1.28 g/t Au**
- **Mandiocal:** Mineralization extended up to 125 m below the 2025 MRE pit shell, including **48.4 m at 1.32 g/t Au and 35.0 m at 1.37 g/t Au**
- **Grodiocal:** Maiden drilling confirmed a new, near-surface gold discovery, highlighted by **23.0 m at 1.97 g/t Au,including 9.0 m at 4.24 g/t Au and10.0 m at 3.42 g/t Au**
- An updated MRE is expected to be complete before year-end, which will form the basis of a Preliminary Economic Assessment (“**PEA**”) targeted to be completed by the end

of 2026

TZ

- Drilling up to **150 metres below the current pit design** confirms continuity of mineralization at depth
- Results include **78.1 m at 1.81 g/t Au**,**including 16.0 m at 4.34 g/t Au and 51.0 m at 1.31 g/t Au**, including **7.80 m at 6.42 g/t Au**
- Regional exploration has defined a **15 km by 3 km mineralized corridor** hosting the Tocantinzinho deposit and multiple satellite targets.

Julie-Anaïs Debreil, VP Geology & Resources, commented:

"The results from our 2026 exploration programs continue to validate the significant potential we see across both Gurupi and Tocantinzinho.

"At Gurupi, drilling has successfully extended mineralization at Blanket and Mandiocal while confirming a new gold discovery at Grodiocal, further demonstrating the district-scale potential of the Project.

"At TZ, drilling below the current pit design continues to confirm the continuity of mineralization at depth, while regional exploration is identifying additional opportunities across a broader mineralized corridor.

"As we advance an updated MRE and PEA at Gurupi, these programs continue to strengthen our pipeline of organic growth opportunities in Brazil."

City Investors Circle is based in the financial district in the City of London

We present interesting and exciting junior mining companies listed on the ASX and TSX stock exchanges to a group of city professionals, and private investors, all of whom are active investors with a mandate to invest in junior mining companies.

Our audience is selected and invited individually to ensure interest and relevance for the presenting company.

Meetings are non deal, small group, highly focused and engaged, with a lively Q and A to follow the main presentation.

We create awareness, and maintain interest in presenting companies by disseminating their future news to our entire investor group via email, social media, and our Monthly Review newsletter.

If you wish to present to our select group of active mining investors, please email andrew@city-investors-circle.com

=======

This website is not sponsored, we are truly independent, and will always remain so.

Companies featured here have either presented to the Circle in London, or have been selected because they are considered to have interesting projects, in good jurisdictions, run by an experienced management team.

All information used in the preparation of this communication has been compiled from publicly available sources that we believe to be accurate and reliable, however, we cannot, and do not, guarantee the accuracy or completeness of this.
