Iceni Enters Farm-in Deal with Gold Road for a Value up to A\$44 million

Iceni Gold Limited (ASX: ICL) (Iceni or the Company) is pleased to advise of a binding Farm-in Agreement and share placement transaction with Gold Road Resources Limited (ASX: GOR) over tenements around and containing the Company's Guyer Gold Trend, within the 14 Mile Well Gold Project (14MWGP or Project) located between Leonora and Laverton in Western Australia.

Highlights

- A\$35 million exploration farm-in agreement signed with GOR over 154km2 of Iceni's 100%-owned tenements containing the Guyer Gold Trend within the 14 Mile Well Project in Western Australia, key terms of which include:
- > Initial A\$5 million minimum exploration expenditure, to be managed by Iceni, with the opportunity for GOR to take management upon reaching a key success milestone.
- > A further A\$10 million exploration expenditure within 2 years from meeting the minimum A\$5 million exploration expenditure to earn a 50% Joint Venture interest (50 / 50 JV).
- > Upon Joint Venture formation GOR, can earn an additional 20% to take its Joint Venture interest to 70% by free carrying Iceni to the completion of a Pre-Feasibility Study (PFS) (70/30 JV).
- > At the completion of the PFS, GOR can acquire an additional

10% Joint Venture interest (totaling 80%) by paying \$20 million to Iceni (80/20 JV).

- In addition to the Farm-in, GOR is to acquire a 9.9% interest in Iceni by subscribing for A\$3.05 million in shares at a price of 10 cents per share, representing a 59% premium to the 5-day VWAP prior to execution of the Farm-in Agreement.
- GOR to be issued 19,218,819 options exercisable at \$0.15 on or before 31 December 2025.
- GOR to be issued 13,847,016 options exercisable at \$0.20 on or before 31 December 2026.
- Should GOR exercise all options, and inclusive of the placement, Iceni will receive a total of \$8.7m in cash.
- Exploration activity on the GOR farm-in tenements is expected to commence in January 2025 under Iceni management.
- Iceni retains 100% ownership of the remainder of the highly prospective 14 Mile Well Gold Project, where exploration can now be accelerated on other high priority targets within the portfolio.
- Following completion of the GOR share placement Iceni will have in excess of \$3.8 million cash at bank and will be well-funded to continue exploration and development activities on its remaining highly prospective 100%-owned ground.

City Investors Circle is based in the financial district in the City of London

We present interesting and exciting junior mining companies listed on the ASX and TSX stock exchanges to a group of city professionals, and private investors, all of whom are active investors with a mandate to invest in junior mining companies.

Our audience is selected and invited individually to ensure interest and relevance for the presenting company.

Meetings are non deal, small group, highly focused and engaged, with a lively Q and A to follow the main presentation.

We create awareness, and maintain interest in presenting companies by disseminating their future news to our entire investor group via email, social media, and our Monthly Review newsletter.

If you wish to present to our select group of active mining investors, please email andrew@city-investors-circle.com

This website is not sponsored, we are truly independent, and will always remain so.

Companies featured here have either presented to the Circle in London, or have been selected because they are considered to have interesting projects, in good jurisdictions, run by an

experienced management team.

All information used in the preparation of this communication has been compiled from publicly available sources that we believe to be accurate and reliable, however, we cannot, and do not, guarantee the accuracy or completeness of this.
