KAISER REEF QUARTERLY PRODUCTION AND CASH BALANCE UPDATE FOR QUARTER ENDING SEPTEMBER 2026

Kaiser Reef Limited (ASX:KAU) (Kaiser or the Company), a profitable, multi-asset Australian gold producer with operations in Tasmania and Victoria, is pleased to update the market on production for the quarter ending 30 September 2026 and the corresponding closing cash and bullion position.

Kaiser's Managing Director, Brad Valiukas, comments:

"Kaiser delivered 6,263oz of gold across Henty and Maldon during the quarter, while increasing cash and bullion to A\$40 million, paying down debt and advancing Maldon.

"We will completely repay the Auramet gold loan this month, as scheduled. The gold loan helped us acquire Henty, and repaying it is an important milestone for Kaiser.

***"Our production at Henty is not yet where we want it to be.** There have been some personnel changes on site, and we expect ongoing improvement and production to lift to target.*

"We continued to reinvest in the business throughout the quarter across infrastructure, equipment and exploration, while making key investments to support long-term progress at both assets.

"We head into the December Quarter with a fully funded balance sheet and clear operational priorities at both assets.

"Kaiser 's strategy remains unchanged: disciplined production growth, reserve expansion, and building long-term value from our dual-asset platform."
