- Burns Central resource extension and metallurgical confirmation drilling program to commence in October.
- LEX is fully funded, with multiple growth pathways identified as the Company embarks on an ambitious, self-funded growth strategy throughout FY26.

LEFROY CEO, GRAEME GRIBBIN, COMMENTED:

“As we diligently complete our last approvals and permitting prior to gold operations commencing at the Lucky Strike Project in the December quarter, we enter a new phase for the Company, whereby profit from Lucky Strike enables the Company to pursue a self-funded growth strategy.

“With heritage clearance now received, environmental approval well advanced and final pit shell designs imminent, the Company remains focused on advancing its strategic goals of unlocking value for shareholders, with Lucky Strike providing the Company with that first pathway.

“We seek to realise further value for shareholders through generating cashflow from Lucky Strike and establishing a strong sustained cash balance, to allow the Company to unlock further value from its portfolio of advanced high-grade shallow gold resources projects (Burns and Mt Martin) and its highly prospective exploration targets”.
