## **Meeka Metals Murchison Development Update – April 2025**

**Meeka Metals Limited (ASX: MEK)** (“Meeka” or the “Company”) announces that the first ore has been mined from the open pits at the Murchison Gold Project.

**First ore mined from the open pits at the Murchison Gold Project (“Murchison”) as processing plant expansion works approach**

## completion.

- Open pit mining achieved a major milestone during April with first ore mined from the St Anne's North open pit.
- Stockpiles of ore are now being built up on the ROM in preparation for process plant commissioning in June 2025.
- Open pit mining also commenced at Turnberry Central during April, the second of five Stage 1 high-grade oxide open pits to go into production.
- Strong progress continued to be made on the processing plant expansion with major structural works completed, gold room upgrade well advanced and electrical, air and water service installation progressed.
- Power station upgrade works commenced in April and will be completed in the first week of May 2025.

**Commenting on the progress, Meeka's Managing Director Tim Davidson said:**

*"We achieved an important milestone during April with the open pits producing first ore, which is being stockpiled in readiness for mill commissioning in June 2025.*

*"Open pit mining also commenced at Turnberry Central. This is the second of five Stage open pits to be mined concurrently*

*to deliver consistent and surplus high-grade oxide ore for processing.”*
