City Investors Circle Mining Review 24th December 2023

Two major announcements by companies on our watchlist list up a normally quiet final week before Christmas.

Galiano Gold acquired the other 45% of the Asanko mine in Ghana from their JV partner, and Calidus Resources announced a stunning deal to acquire the Nullagine mine and immediately lease out 80% of the camp for 10 years bringing in much needed cash to the company.

In addition, both Eloro and Wesdome reported high grade drill intercepts at their respective projects in Bolivia and Canada respectively.

There was one item of bad news, which predictably came from Orla Mining who informed the market that the Panamanian government were cancelling their rights to mine their Cerro de Quema copper gold project, following on from their similar action against First Quantum, closing their producing copper mine there.

Orla and First Quantum have both promised legal action via international courts, but this process takes years and does not have a certain outcome.

Orla now need to focus on South Railroad in Nevada whilst the Panamanian issue is addresses legally.
