Mining Review 24th May 2026 – A poor week for mining company

stocks, with most slipping further down following a few poor weeks, after the precious metal price fell back following the US / Israel's attack on Iran.

Precious metals traded mostly sideways during the week, but that failed to stem the losses of the mining stocks.

+++++++

A good example is **G Mining Ventures** is now off around 25% from the high, despite everything being on track for the new Oko West gold mine in Guyana in around a year or so.

The company released strong results this week but the share price continued to decline.

Mogotes Metals announced a major discovery in Southern Argentina at its Filo Sur project.

Altair Minerals and **Barton Gold** both announced good gold discoveries at their respective projects in Guyana and South Australia.

City Investors Circle is based in the City of London

We present interesting and exciting junior mining companies listed on the ASX and TSX stock exchanges to a group of city professionals, and private investors, all of whom are active investors with a mandate to invest in junior mining companies.

Our audience is selected and invited individually to ensure interest and relevance for the presenting company.

Meetings are non-deal, small group, highly focused and engaged, with a lively Q and A to follow the main presentation.

We create awareness and maintain interest in presenting companies by disseminating their future news to our entire investor group via email, social media, and our Monthly Review newsletter.

If you wish to present to our select group of active mining investors, please email andrew@city-investors-circle.com

=====

This website is not sponsored, we are truly independent, and will always remain so.

Companies featured here have either presented to the Circle in London, or have been selected because they are considered to have interesting projects, in good jurisdictions, run by an experienced management team.
