## City Investors Circle Mining Review 26th October 2025

**Ora Banda Mining** and **Wesdome Gold** recorded solid production and record revenue for a quarter.

**Kaiser Reef** increased Henty gold reserves by 29%

It was a nervy week for those of us invested in precious metal stocks as the price of gold fell and then rebounded, causing large drops and swings in many stock prices, even solid producing miners.

I'm not convinced the volatility has gone, and some market participants have reduced or sold their holdings predicting a top, but I'm not good at trading so I'm holding my positions and intend to ride out the volatility and emerge stronger once it's over.
