City Investors Circle Mining Review 12th June 2022

This week's news was dominated by news from down under, with Gold Road and Calidus Resources putting out significant announcements. News from our Canadian watchlist was thin on the ground, with only Westhaven Gold putting out a drilling news release.

A shorter review this week due to travelling, so no stats, we'll start again next week.

Gold traded pretty much sideways again, and the markets in general were dragged down by poor economic news and the news of yet more lockdowns in China for just a few new cases of covid.

Amiongst the stocks we follow, **Calidus Resources** generated two items of news, and their antipodean neighbour **Gold Road Resources** chipped in with encouraging news regarding their proposed friendly takeover of DGO.

Westahaven Gold were the only Canadian company with news, producing some really encuraging drill results from their Shovelnose Mountaoin property.

The week also saw the final London mininfg conference before the summer break, the **Global Mining Finance Conference**, held

at the beautiful and historic Armourers' Hall, in Moorgate, City of London.

With recent London mining conferences being on the quiet side, and with a tube strike ending on the morning of the conference, audience number expectations were low, but the opening keynote speaker, Alasdair MAcleod of Goldmoney.com addressed a packed audience, with some delegates standing at the back.

The Global Mining Finance Conferences are traditional mining conferences with speakers addressing the audience, and the high delegate numbers suggest there is still an appetite for this traditional conference format. The networking sessions were particularly vibrant and engaged.
