# City Investors Circle Mining Review Sunday Update 31st July

Gold and other metals bounced after the dovish comments by FED Chair Powell after he increased US interest rates by 0.75%.

Companies in the news this week with good drill results included **Cabral Gold**, **Eloro Resources**, and **Karora Resources**.

The main news of the week was the collapse into administration of ASX listed Wiluna Mining, a month after they raised A\$65 million at double the suspended share price! I would expect there are some very unhappy investors demanding answers after this debacle.
