Mining Review Sunday Update 3rd July 2022

Companies commented on in this truly awful week for mining stocks, and commodities, were; **Banyan Gold, Cabral Gold, Cyprium Metals, Minera Alamos, 03 Mining**, and **Newcore Gold**.

With the exception of **03 Mining**, all the other companies mentioned announced discounted financings this week.

The most disappointing for me personally was **Cyprium**, who announced their 33% or so discounted financing the day after I made an initial investment in the stock. Fortunately it was a very small investment, but even so it's annoying. They were careful to announce their offtake agreement first.

Banyan's financing was mostly flow through, which is great for Canadian residents as they obtain tax benefits at the expense

of non Canadian holders who are diluted without those benefits.

I personally prefer to invest in Canadian miners that have projects in other countries to avoid being diluted by such placings, as flow through is for Canadian based projects only. Banyan are at least financed to the end of the drill season where they hope to raise their resources to 5 million ounces of gold.

The Canadian mining community mourned the loss of mining legend and Chairman of Tudor Gold, Walter Storm.

Storm was an award-winning Professional Geologist with over 40 years of industry experience throughout the Americas and Russia. Mr. Storm spent 19 years with Silver Standard Mining Inc. and managed several advanced exploration programs including Manantial Espejo in Argentina, San Luis and Berenguela in Peru, and Snowfields-Brucejack in the Golden Triangle.

Walter. was a Canadian mining legend and will be sorely missed.
