City Investors Circle – Mining Review 9th October 2022

A better week for gold despite US bond yields still going up, and the yield curve remains inverted, although it slimmed down a tad.

Another mixed week in the markets, the US DOW is oscillating around the 30,000 mark, and the mining sector had a better week as the price of gold stabilised above $1700.

A major deal was announced this week, the merger of Solgold (AIM: SLG) and TSX listed Cornerstone Capital. Cornerstone hold a significant position in Solgold shares, and hold other licence areas in the immediate vicinity of Cascabel, so this deals looks sensible to me.
