

Mogotes Metals Drills 180 m at 0.98% Copper Equivalent at Filo Sur

Mogotes Metals (TSX.V: MOG)

Provided an update on drilling results from its flagship Filo Sur project, located immediately south of, and along strike from, the Filo del Sol copper-gold-silver discovery being advanced by BHP and Lundin Mining.¹

While the Company awaits the final assay results today's update confirms and expands the discovery at the Albor target, first made with hole FS_DD016.

City Investors Circle is based in the financial district in the City of London

We present interesting and exciting junior mining companies listed on the ASX and TSX stock exchanges to a group of city professionals, and private investors, all of whom are active investors with a mandate to invest in junior mining companies.

Our audience is selected and invited individually to ensure interest and relevance for the presenting company.

Meetings are non deal, small group, highly focused and engaged, with a lively Q and A to follow the main presentation.

We create awareness, and maintain interest in presenting companies by disseminating their future news to our entire investor group via email, social media, and our Monthly Review newsletter.

If you wish to present to our select group of active mining investors, please email andrew@city-investors-circle.com

=====

This website is not sponsored, we are truly independent, and will

always remain so.

Companies featured here have either presented to the Circle in London, or have been selected because they are considered to have interesting projects, in good jurisdictions, run by an experienced management team.

All information used in the preparation of this communication has been compiled from publicly available sources that we believe to be accurate and reliable, however, we cannot, and do not, guarantee the accuracy or completeness of this.
