Neometals and partners add 500,000 tons of lithium oxide resource at Mt. Marion

Neometals {ASX: NMT}

Neometals and their partners in the Mt Marion Lithium mine have added 500,000 tonnes to their total lithium oxide resource, which now stands at 71.3 million tonnes.

Infill drilling has increased the size of a previously drilled lens by 500,000 tonnes grading 1.31% lithium oxide, and 0.68% iron.
