Neometals Ltd (ASX: NMT) ("Neometals" or "the Company") is pleased to announce assay results from diamond core drilling at the recently acquired Munda deposit ("Munda"), which now forms part of the Mt Edwards Project.

HIGHLIGHTS

 High grade nickel sulphide assay results from drilling at the recently acquired Munda deposit in Western Australia

 Drill results include 8.3 metres @ 2.16% nickel including 2.3m @ 6.11% nickel

Neometals, via its subsidiary Mt Edwards Lithium Pty Ltd, acquired nickel mineral rights for the Munda mining lease M15/87 from WA Nickel Pty Ltd, a wholly owned subsidiary of Estrella Resources Ltd ("Estrella") on 6 September 2019 for $250,0001.

.

Neometals already holds the lithium mineral rights to M15/87 2.
