Neometals Strategic Update

Sustainable process technology developer, **Neometals Ltd (ASX: NMT, AIM: NMT & OTCQX: NMTAY)** (“Neometals” or “the Company”), provides a strategy update with the following key measures to be implemented immediately:

- Restructuring and right-sizing of the organisation and its underlying cost base to reflect a new strategic refocus;
- Prioritising the progression of Primobius, the LiB Recycling joint venture with SMS group GmbH, through industrial validation to commercialisation; and
- Capital management initiatives through the targeted sale of non-core assets and strategic partnering to facilitate the ongoing development of the Company’s other technologies.

Neometals has adapted its corporate strategy in response to

prevailing battery materials prices and market sentiment.

A simplified structure and focus on the Primobius plant building joint venture targets an optimum path to creating and realising shareholder value.

These steps and the Company's existing austerity plan are expected to lower the corporate and administrative cost base by approximately 40% year-on-year. This, coupled with the recently announced placement raising approximately A\$4.5M,¹ is intended to support the commercialisation of Primobius with the aim of becoming a leading supplier of LiB Recycling plants to the global EV supply chain.

Primobius' patented recycling process is being industrially validated through the delivery of a 2,500 tpa plant for Mercedes-Benz in Kuppenheim, Germany.

Once successfully commissioned and accepted by the client, Primobius plans to then offer larger plants to its growing pipeline of licence holders, MOU counterparties and new customers.

Primobius' preferred business model is to offer plant supply contracts and technology licences, rather than operating recycling plants as principal.

City Investors Circle is based in the financial district in the City of London

We present interesting and exciting junior mining companies listed on the ASX and TSX stock exchanges to a group of city professionals, and private investors, all of whom are active investors with a mandate to invest in junior mining companies.

Our audience is selected and invited individually to ensure interest and relevance for the presenting company.

Meetings are non deal, small group, highly focused and engaged, with a lively Q and A to follow the main presentation.

We create awareness, and maintain interest in presenting companies by disseminating their future news to our entire investor group via email, social media, and our Monthly Review newsletter.

If you wish to present to our select group of active mining investors, please email andrew@city-investors-circle.com
