

# Pacgold St George Gold Geochem Extends Fence Strike >30km

[Pacgold Limited \(ASX: PGO\)](#)

Announced further results of the systematic geochemical soil programme and rock chip sampling completed on the St George Gold-Antimony Project in northeast Queensland.

Gridbased soil and rock chip sampling extends the gold and antimony anomalism hosted within the Fence Structural Zone to a strike in excess of 30km.

# **Pacgold St George Gold and Antimony Geochem Extends Fence Strike >30km**

## **Fence Structure hosts 7 major targets with no modern drilling**

**Pacgold Limited (ASX: PGO)** ('Pacgold' or 'the Company') is pleased to announce further results of the systematic geochemical soil programme and rock chip sampling completed on the St George Gold-Antimony Project ('the Project') in northeast Queensland.

### **HIGHLIGHTS**

- CONTINUED DELINEATION OF REGIONAL-SCALE GEOCHEMICAL ANOMALIES – Gridbased soil and rock chip sampling extends the gold and antimony anomalism hosted within the Fence Structural Zone (FSZ) to a strike in excess of 30km.
- HIGH-GRADE GOLD AT LIMESTONE PROSPECT – High-grade rock chip samples taken in newly discovered large-scale structure with reported gold values including 18.5g/t Au (SG110108), 5.37g/t Au (SG110109), 4.86g/t Au (SG110110) and 4.96g/t Au (SG110113).
- NEW ANOMALIES DELINEATED AT LIMESTONE AND BIG WATSON –

Extensive

(Au-Sb-As) anomalies identified at Big Watson and strong gold results over the Limestone prospect, both associated with the regional Fence structure extending over 30km in strike.

□ UNTESTED STRUCTURES DRILL READY – No modern drilling carried out on six of the seven defined anomalies with multiple prioritised targets to be tested in next drilling campaign.

Pacgold is undertaking exploration on the Project under a Farm-In and Joint Venture Agreement with Hardrock Mineral Exploration Pty Ltd, whereby Pacgold has the right to earn up to 100% interest in the Project.

## **Pacgold's Managing Director, Matthew Boyes, commented:**

*"The number of fertile structures and extent of the mineralisation on this ground package continues to increase rapidly.*

*"The discovery of high-grade gold at surface at the Limestone project is particularly exciting with multiple outcropping veins returning high-grade gold numbers over a large area.*

*"We have now demonstrated that the Fence structure is mineralised over a strike length of approximately 30km from*

*Big Watson in the south up to the Limestone prospect in the north, this coupled with multiple newly delineated soil anomalies gives the company a strong pipeline of targets to follow up once the exploration season kicks off this year.”*

**City Investors Circle is based in the financial district in  
the City of London**

We present interesting and exciting junior mining companies listed on the ASX and TSX stock exchanges to a group of city professionals, and private investors, all of whom are active investors with a mandate to invest in junior mining companies.

Our audience is selected and invited individually to ensure interest and relevance for the presenting company.

Meetings are non deal, small group, highly focused and engaged, with a lively Q and A to follow the main presentation.

We create awareness, and maintain interest in presenting companies by disseminating their future news to our entire investor group via email, social media, and our Monthly Review newsletter.

If you wish to present to our select group of active mining investors, please email [andrew@city-investors-circle.com](mailto:andrew@city-investors-circle.com)

**This website is not sponsored, we are truly independent, and will always remain so**

Companies featured here have either presented to the Circle in London, or have been selected because they are considered to have interesting projects, in good jurisdictions, run by an experienced management team.

All information used in the preparation of this communication has been compiled from publicly available sources that we believe to be accurate and reliable, however, we cannot, and do not, guarantee the accuracy or completeness of this.
