SILVER TIGER ANNOUNCES HISTORIC EL TIGRE MINE REHABILITATION

HALIFAX, NOVA SCOTIA – February 22, 2022 – **Silver Tiger Metals Inc.** (TSXV:SLVR and OTCQX:SLVTF) (“Silver Tiger” or the

“Corporation”) is pleased to announce that it has contracted Cominvi to rehabilitate the Historic El Tigre mine.

Cominvi is a Mexican company which specializes in underground contract mining and development.

Members of Silver Tiger’s management and technical team have previously worked with Cominvi and consider them a highly skilled and safe underground mine contractor. Cominvi provides services to Fresnillo, Pan American Silver and Endeavour Silver, amongst others.

Initial rehabilitation will begin on the Level 7 main entry to the Historic El Tigre Mine to allow access to the Sooy Vein, El Tigre Vein and the Seitz Kelly Vein in contemplation of underground channel sampling, drilling and bulk sampling on those veins and the black shale horizon.

The rehabilitation will consist of safely securing and cleaning underground areas, removing historic backfill and stockpiling for possible future processing, building a ladder system to access multiple mine levels, detailed mapping of accessed workings and implementation of overall environmental and safety protocols.

Silver Tiger management comments

“We believe that it is the appropriate time to go underground to further understand the El Tigre high grade mineralized

system.”

“Rehabilitation of the underground workings at El Tigre will become a very important asset of Silver Tiger.

“We expect to quickly be in a position to allow our technical staff access to the underground workings of the Historic El Tigre Mine.”

Silver Tiger CEO, Glenn Jessome
