Mining Review 20th September 2026

Barton Gold, Catalyst Metals, Copper Giant, G Mining Ventures and **Wesdome** all reported increased resources.

Minerals 260 received another significant investment in the Bullabulling gold project as it advances towards a production decision.

All positive news, but it was a poor week to reelase such positive announcements as the price of gold gyrates on US rate decisions, The quarter point hike had a dampening effect for a while, but gold then advanced again, which is encouraging.

City Investors Circle is based in the City of London

We present interesting and exciting junior mining companies listed on the ASX and TSX stock exchanges to a group of city professionals, and private investors, all of whom are active investors with a mandate to invest in junior mining companies.

Our audience is selected and invited individually to ensure interest and relevance for the presenting company.

Meetings are non-deal, small group, highly focused and engaged, with a lively Q and A to follow the main presentation.

We create awareness and maintain interest in presenting companies by disseminating their future news to our entire investor group via email, social media, and our Monthly Review newsletter.

If you wish to present to our select group of active mining investors, please email andrew@city-investors-circle.com

=======

This website is not sponsored, we are truly independent, and will always remain so.

Companies featured here have either presented to the Circle in London, or have been selected because they are considered to have interesting projects, in good jurisdictions, run by an experienced management team.
