The company's principal project is the 2.3 m Oz **Bullabing Gold Project**.

MI6 is run by **Tim Goyder**, previously of **Chalice Resources** fame, and Chairman of Lionstown Resources.

Tim is backed by an experienced team who have experienced success and created shareholder value with previous companies.

Minerals 260 is financed for an 80,000+ drill program during 2025 that has just commenced. This is going to generate regular newsflow, which if successful is likely to result in a high level of investor interest and a rising share price.
