Mining Review Sunday Update 7th July 2022

A couple of disasters have unfolded, with the fall into administration of Wiluna Mining just after raising A\$40 million, and Pure Gold Mining falling.

Cabral Gold and Calidus Resources reported good drill intercepts, and UEC made a proposal to the US government.

The largest marquee in the southern hemisphere had to be evacuated as the Diggers & Dealers Conference in Kalgoorlie suffered a washout due to extreme weather, with flights grounded and some presenters and delegates stuck in Perth.

City Investors Circle Mining Review Sunday Update 7th July 2022

A couple of disasters have unfolded, with the fall into administration of **Wiluna Mining** just one month after raising A\$60 million in a financing! Wiluna had been struggling with increased costs and other issues, but to fail so quickly after receiving the funding is shocking.

I wonder how the placees feel, and whether they will be looking to take legal action against those that put them into the placing in the first place?

I have seen it suggested in the media that not all of the funds were actually received, and an investigation into the falling into administration so soon after the financing has now been instigated.

Pure Gold Mining continues to flounder, and one wonders whether it has gone past the point of no return already? Is Sprott waiting in the wings to take the asset for a song?

Cabral Gold and **Calidus Resources** reported good drill intercepts, and **UEC** made a proposal to the US government.
