Cabral Gold Announces First Gold Pour at Phase 1 Mine, Cuiú Cuiú Gold District, Brazil

September 10, 2026
Vancouver, British Columbia–(Newsfile Corp. – September 10,

2026) – **Cabral Gold Inc. (TSXV: CBR) (OTCQX: CBGZF) ("Cabral" or the**"**Company**") is pleased to announce the first gold pour at Cabral's 100% owned Phase 1 Cuiú Cuiú mine in Brazil.

Commissioning of the dry circuit at the Cuiú Cuiú mine was completed in July 2026 (see press release dated August 13, 2026).

Commissioning of the wet circuit is now nearing completion, well ahead of schedule. As part of this commissioning process, Cabral has successfully completed the first gold pour which produced approximately 1,130 oz of gold.

In achieving this significant milestone, the Cuiú Cuiú mine has become the newest producing gold mine in Brazil, and Cabral has joined the ranks of the industry's producers.

Cabral is now focused on ramping up mining and ore stacking operations at Cuiú Cuiú, targeting a stacking rate of 3,000 tonnes per day and commercial production by the end of 2026. Once through this ramp-up phase, Cabral expects to issue formal production guidance for the 2027 calendar year.

Alan Carter, President & CEO, commented:

"This pivotal moment for Cabral is the culmination of a lengthy process and is a first step in our journey aimed at unlocking the potential of the entire Cuiú Cuiú district.

“This achievement speaks to the discipline, execution capability and determination of our entire team, who have delivered the Phase 1 heap leach operation ahead of schedule.

“We have moved from exploration and engineering through development and into production, creating value for our shareholders, local partners and communities, while maintaining our commitments to safety, environmental stewardship and local economic participation.

“I would like to personally thank and congratulate every member of the team who helped make this milestone possible, particularly Luiz Celaro, our VP Operations who has managed the construction process on site.

“Our focus now turns to ramping up to commercial production, optimising recoveries and reducing unit costs. This milestone is only the beginning.

“We will continue to grow responsibly and focus on the creation of long-term benefits for our shareholders and our community.”

Ascot Resources pours first gold at Premier project

2024-04-22 07:30 ET – News Release

Mr. Derek White reports

ASCOT POURS FIRST GOLD DURING COMMISSIONING AT THE PREMIER GOLD PROJECT

On April 20, 2024, **Ascot Resources Ltd. (TSX: AOT**) poured first gold as a part of the commissioning process at the Premier gold project, located on Nisga'a Nation Treaty Lands in the Golden Triangle of northwestern British Columbia.

Derek White, president and chief executive officer, commented:

"The first gold pour is a hallmark commissioning milestone for Ascot, representing the culmination of years of hard work.

“We express our gratitude to our dedicated work force, our diligent contractors, our supportive shareholders and financiers, Nisga’a Nation, government officials, and the local communities of Stewart, B.C., and Hyder, Alaska – all of whom played important roles in seeing this first gold pour come to fruition.

“Commissioning of the process plant at PGP is continuing, with commercial production anticipated in the third quarter of 2024.

“The first gold pour was achieved from gold recovered through the gravity circuit.

“Commissioning of the carbon-in-leach circuit is currently under way. Ascot will provide a more comprehensive update on the commissioning progress in due course”.

Calidus Resources Pours First Gold at Warrawoona

Start of production and cashflow provides platform for next round of growth

Calidus Resources Limited (ASX:CAI) (Calidus) is pleased to announce that it has poured the first gold at its 100 per cent owned Warrawoona Gold Project located in the Pilbara of Western Australia from the commissioning of the gravity circuit.

The project has now entered the ramp-up phase, with the elution circuit currently

commissioning, paving the way for the first bar sourced from the leach circuit to be
poured next week.

Calidus Resources management comments

"Pouring our first gold on time and budget is the culmination of an incredible effort by all employees and contractors involved at Warrawoona.

"With production underway and revenue being generated, we have begun to lay the foundations for ongoing growth.

"Cashflow from Warrawoona will provide opportunities to increase production via the development of our Blue Spec deposit and help fund our highly promising gold and lithium exploration."

Calidus Resources Managing Director Dave Reeves
