*I am pleased to receive this announcement, as I think Australian and Canadian mining companies should stick to their own jurisdictions, rather than trying to run mines on the other side of the world.*

*There are so many projects in Australia, surely Gold Road can find excellent opportunities there?*

*I notice the wording "**ceased participation in the current process**", which suggests to me that they may return to the table in the future, it doesn't sound final, they look to be leaving the door open. That wording is there for a reason.*
