

Rokmaster Confirms 96.8% Gold Recovery

Rokmaster Resources (TSX.V: RKR)

Announced the receipt of independent metallurgy reports on the recently completed flowsheet development test program on samples from the Revel Ridge Project.

On average, 98.3 percent of the feed gold was recovered to the bulk rougher concentrate and following regrind and sequential flotation, gold recovery to the lead and zinc concentrates averaged 21.1 and 3.6 percent.

Review by Metso Outotec Confirms 96.8% Overall Gold Recovery at Revel Ridge

September 7, 2022

(Vancouver, September 7, 2022 – Rokmaster Resources Corp. (TSXV: RKR) (OTCQB: RKMSF) (FSE: 1RR1) (“Rokmaster” or “the Company”) is pleased to announce the receipt of independent metallurgy reports on the recently completed flowsheet development test program on samples from the Revel Ridge

Project from Base Metallurgical Laboratories Ltd. (“BaseMet”) and SGS Canada Inc. (“SGS”), and a program review report from Metso Outotec Corp.

As emphasized in Figure 1 – Overall Optimized Flowsheet and the [BaseMet Metallurgical Testing Report](#):

On average, 98.3 percent of the feed gold was recovered to the bulk rougher concentrate and following regrind and sequential flotation, gold recovery to the lead and zinc concentrates averaged 21.1 and 3.6 percent. Following leaching of the P0X residue, performed on the zinc final tail, an additional 72.2 percent gold was recovered for a total average gold recovery of 96.8 percent.

Jan Van Niekerk, Director, Gold Process Solutions at Metso Outotec stated,

“Metso Outotec’s [Technical Review of 2022 Revel Ridge P0X Test Work](#) has indicated that the work has produced a good set of technically competent results and that high sulphide oxidation and subsequent gold dissolution extents were attained during the test work program.

“The tests were conducted to appropriate standards, and integrity of results lends itself to be used in the design of an industrial P0X circuit. We have enjoyed working with Rokmaster and Canenco and look forward to strengthening this relationship as they move forward on the path to production.”

City Investors Circle is based in the financial district in the City of London

We present interesting and exciting junior mining companies listed on the ASX and TSX stock exchanges to a group of city professionals, and private investors, all of whom are active investors with a mandate to invest in junior mining companies.

Our audience is selected and invited individually to ensure interest and relevance for the presenting company.

Meetings are non deal, small group, highly focused and engaged, with a lively Q and A to follow the main presentation.

We create awareness, and maintain interest in presenting companies by disseminating their future news to our entire investor group via email, social media, and our Monthly Review newsletter.

If you wish to present to our select group of active mining investors, please email andrew@city-investors-circle.com
