# Calidus Resources commits to renewable micro grid at Warrawoona Gold Facility comprises 4MW Solar Farm with 3.5MW battery storage

Calidus Resources Limited (ASX: CAI) is pleased to announce that it has executed an
agreement with Zenith Pacific (WRW) Pty Ltd (Zenith) for the construction of a 4MW
solar farm with 3.5MW battery energy storage system at its Warrawoona Gold Project.

Zenith is currently constructing the 11MW gas fired power station at Warrawoona
under a Power Purchase Agreement (PPA).

The construction of the solar farm is part of the PPA whereby Calidus purchases power from Zenith.

The solar farm will be constructed in H2 of CY2022 and will feed into the distribution
line between the power station and accommodation village.

## Calidus Resources management

## comments

*“The decision to proceed with the solar farm and battery storage is in line with the company’s Environmental, Social and Governance (ESG) initiatives.*

*“Calidus is committed to carbon reduction as part of its ESG policy. This renewable micro grid is a cornerstone to our carbon reduction plan which includes the use of LNG*

*“to extend the relationship with Zenith to incorporate this renewables project, and look*
*forward to its construction in the second half of this year”*
