West Red Lake Gold Further De-Risks Fork Satellite Deposit with Successful Infill Drilling

West Red Lake Gold Mines Ltd. (“West Red Lake Gold” or “WRLG” or the “Company”) (**TSXV: WRLG**) (**OTCQB: WRLGF**) is pleased to announce results from the infill drilling program at its 100% owned Fork Deposit located approximately 250 metres (“m”) southwest from its Madsen Mine in the Red Lake Gold District of Northwestern Ontario, Canada.

Shane Williams, President and CEO, stated,

“Successful completion of the infill drilling program at Fork was an important step in de-risking this resource area ahead of a construction decision.

“The results of the drill program are very encouraging and further support the gold grade and vein continuity at Fork which will be necessary for efficient mine planning and any future extraction scenario.

“The engineering team at Madsen is already working on the initial mine design for this satellite area, and we look forward to continuing to evaluate this non-remnant, near surface opportunity which currently sits a mere 250 metres from our existing underground infrastructure.”

FORK DRILLING HIGHLIGHTS:

- **Hole WRL26-047** Intersected **1m @ 41.25 g/t Au**, from 117.6m to 118.6m; Including **0.5m @ 77.8 g/t Au**, from 117.6m to 118.1m.
- This intercept was complimented by **visible gold** spatially associated with quartz veining and pyrite + pyrrhotite mineralization (Figure 1).

FIGURE 1. Multiple instances of visible gold in hole WRL-26-047 associated with quartz veining and pyrite + pyrrhotite. Drill core is NQ (47.6 mm) diameter.

City Investors Circle is based in the financial district in the City of London

We present interesting and exciting junior mining companies listed on the ASX and TSX stock exchanges to a group of city professionals, and private investors, all of whom are active investors with a mandate to invest in junior mining companies.

Our audience is selected and invited individually to ensure interest and relevance for the presenting company.

Meetings are non deal, small group, highly focused and engaged, with a lively Q and A to follow the main presentation.

We create awareness, and maintain interest in presenting companies by disseminating their future news to our entire investor group via email, social media, and our Monthly Review newsletter.

If you wish to present to our select group of active mining investors, please email andrew@city-investors-circle.com
