

West Red Lake Gold Reports Fatality at the Madsen Mine

West Red Lake Gold Mines (TSX.V: WRLG)

Deeply regrets that early this morning, June 16th, 2025, an employee working underground was fatally injured at the Madsen Mine in Red Lake, Ontario.

Comment

This is very sad, and our prayers and thoughts go out to the family of the employee concerned.

I trust the company will investigate the cause thoroughly and that it was not negligent in any way.

West Red Lake Gold Reports Fatality at the Madsen Mine

June 16, 2025 – Vancouver, BC

West Red Lake Gold Mines Ltd. (“West Red Lake Gold” or “WRLG” or the “Company”) (TSXV: WRLG) (OTCQB: WRLGF) deeply regrets that early this morning, June 16th, 2025, an employee working underground was fatally injured at the Madsen Mine in Red Lake, Ontario.

The health, safety and wellbeing of our employees is our top priority. The Company is working closely with local and Ministry of Labour authorities and an investigation and comprehensive review are underway. Operations have been voluntarily suspended. The thoughts of management are with the family, friends and colleagues who have been impacted by this tragic incident. The Company will provide additional information as appropriate.
