## **Production Bore Drilling Commenced and Early Stage Site Establishment**

[Western Gold Resources Limited \(ASX: WGR\)](http://www.westerngoldresources.com.au) (“WGR” or “the Company”) is pleased to advise that drilling of the Bowerbird production bore has commenced, alongside the delivery and installation of the early stage site establishment infrastructure, at its 100%-owned Gold Duke Project in Western Australia.

## Highlights:

- Drilling has commenced at the Bowerbird Prospect within the Gold Duke Project
- Bore replaces an existing production bore and will provide dedicated water supply for mining operations and dust suppression
- Groundwater extraction licence approval by the Department of Water and Environmental Regulation (DWER) is in place
- Early Stage of mobilisation has commenced with the delivery and installation of site offices
- Site offices to support current production bore drill programme as well as clearing and grubbing and next phase of site establishment
- Laydown area established to support drilling, mining and logistics for the project
- Represents first phase of “on-the-ground” activities for the Gold Duke Project

## Managing Director Cullum Winn commented:

*“The commencement of drilling at the Bowerbird production bore and installation of early site infrastructure represents the start of on-the-ground activities at our flagship Gold*

*Duke Project.*

*“The bore and associated infrastructure are expected to provide a low-cost, reliable water supply, positioned close to the Stage 1 operational pits, supporting efficient project execution.”*
